

B.C. Ceiling Systems Ltd.

Canadian Acoustical Ceiling Supply Ltd.

Richmond / Vancouver / Calgary

Save time and money – Drill holes into concrete from the ground using the ODM (Overhead Drilling Machine) and drill bit.

ODM
OVERHEAD DRILL MACHINE

- **ODM (Overhead Drilling Machine)**
 - For ceilings up to 13'
 - **Easy** install of an eye pin into concrete with a pre tied correct length

wire

- Reduce the use of scaffolds
 - Drill from the ground, save labour costs
 - Universal saddle
 - Hands free trigger system
 - Compact design for tight spaces
- **SDS Drill bit** is only as long as required for a standard eye pin
 - You can no longer drill to far –
 - Adds approximately 20% life to the drill bit
 - Saves time

Working together – to make your business grow!
